Important Information for the Physician Completing this Sports Physical

The State of New Jersey now requires that all physicians, advanced practice nurses (APN), or physicians assistants (PA) performing a sports physical examination, must complete the professional development module (PD module) prior to performing any sports physicals.

In order to expedite the clearance procedure of this athletic physical, please be sure and sign the bottom of the clearance form that you have completed the Cardiac Assessment Professional Development Module.

Thank you for your cooperation.

ATTENTION PARENT/GUARDIAN: The pre-participation physical examination (page 3) must be completed by a health care provider who has completed the Student-Athlete Cardiac Assessment Professional Development Module.
