GRADE 12 COLLEGE PREP AND HONORS

<p>12th Grade College Prep AND Honors In recognition of the time our seniors will be investing in college applications and essays over summer break, there is no required reading for any senior College Prep or Honors classes. We do, however, have a recommendation:</p> <p>Recommended Reading for ALL College Prep and Honors Courses: 1-<i>The Geeks Shall Inherit the Earth</i>—Alexandra Robbins</p> <p>Assignment:</p> <ul style="list-style-type: none">Read and Enjoy! While this book is not required, we HIGHLY recommend all of our senior students read it nonetheless. In a format that feels like a cross between <i>Gossip Girl</i> & <i>Freaks and Geeks</i>, the book explains how the things that set students apart in high school, the things considered "quirky" or "weird" now, are the things that help them stand out later in life. Trust us: we think you'll love it!
