News

It's hard to believe that we are already at the mid-point of the year. Seniors are planning for graduation and the many fun activities between now and June. Counselors have met with the juniors to discuss the college process and with the sophomores to talk about what lies ahead. Freshmen will be re-introduced to Naviance and the many applications it has for them during course selection. They can complete the Learning Styles Inventory (which many of them completed at UMS) on their own. It can provide useful information for their high school years and beyond. Please take some time to familiarize yourselves with Naviance, as it is a valuable tool for all grade levels.

When do students schedule classes for next year and how do they choose their classes?

Counselors will begin to meet with students during the week of February 10th, beginning with the junior class and working in succession each week with the sophomores and freshmen. Please review the Program of Studies (available on the MHS Guidance Website:) [Program of Studies 2020-21](#) Please note that teachers and counselors will make scheduling recommendations based on established prerequisites and what is best for your child. If your child does not meet prerequisites for a course or is not recommended by their teacher and still wishes to take the course, they may fill out a waiver application. Waiver applications will be available from teachers only and must be submitted by May 1st to receive consideration. All final waiver decisions will be communicated by June 1st.

*We will be asking students currently in grades 9-11 to input their course requests in Genesis prior to meeting with their counselors. An email will go out very soon for current juniors. There will be a one week window for each grade level to input their requests.

Many thanks to all of you who attended *Screenagers: Growing Up in the Digital Age* on January 14th. The message about the use of social media and technology is so timely and important, especially for families with teens.

Reminders:

Seniors

If schools to which you have applied have requested mid-year grades, please complete your counselor's mid-year grade request Google form. It was emailed to you earlier this month by your counselor. Make sure to follow all directions.

Don't forget to fill out the graduation survey!

On January 8th and 9th the counselors met with all juniors in their history classes to review the college search and application process. All of the information that was presented is available online. Please remember that one of the most important tools for this process is Naviance.

On January 10th the Counseling/Guidance Department hosted an annual webinar presentation for parents of juniors. Parents could watch the webinar live and ask questions while they watched (which counselors addressed as the questions came in). The presentation is available on the [Counseling/Guidance website](#).

PSAT scores are now available online for juniors. To access scores: studentscores.collegeboard.org

Please check the Guidance website for updates on scholarships and other opportunities. Most have deadlines, so it is important to check often.

Life's most persistent and urgent question is, what are you doing for others?
