### **SALUTE THE FLAG**

### **SUPERINTENDENT'S REPORT/PRESENTATIONS**

- Visual and Performing Arts Presentation: MHS Blue Moon Music Club

Ms. McLoughlin introduced Mr. Warshafsky, Supervisor of Visual and Performing Arts, who spoke about the MHS Blue Moon Music Club.

- Mr. Warshafsky thanked everyone for the opportunity to speak tonight in order to share the positives that are happening at this moment with the Blue Moon Club. He stated that this club is strictly student driven. High school senior, Mr. Harsh Grover, will discuss the club further.
- Mr. Grover reviewed the PowerPoint presentation he provided which shows how the club helps other communities in addition to Montgomery. The program will continue to expand. There is a club website which displays the services they provide. The club will also be discussed at freshman orientation in an attempt to draw more participants. There is currently a shortage in the number of tutors.
- The tutors, who are always high school students, use their own instruments. However, Montgomery students can borrow instruments if they don't own one.

- Ms. McLoughlin stated the district is preparing for the start of school and excited to have students back. There are some forms that are due by Friday. She reviewed various executive orders regarding masks and staff vaccination. Next week, there will be a virtual meeting with Dr. Mandelbaum and Ms. Stephanie Carey, Montgomery Township Health Officer. There will be three presentations in the next month.

### **NEW BUSINESS FROM BOARD/PUBLIC**

- Member of the public, Belle Mead, asked what are the challenges that come with the hybrid version of instruction, especially if it needs to come back. Does the district have a plan to run school with hybrid instruction?
- Ms. Jennifer Dressler, Montgomery resident, advocated that parents have the choice on whether to mask their children or not at school. She stated that she does not believe we have received compelling evidence that masking children is safer for them. Secondly, she inquired if the teachers are receiving training to engage students with respect to shot status. She is concerned that this information may go into a database. Finally, Ms. Dressler stated she also concerned with the lack of parent engagement and board meetings. The board would like to see more engagement with the parents as well.
- Ms. Gabriella Zayova, Montgomery resident, would like to request that parents be given the option to opt out of masking their children. She would also like the board to provide evidence that masks make children safer and stated that she is concerned with the negative impact that masking children will have. If a child needs speech therapy or a behavioral therapy, who will pay for that?
- Ms. McLoughlin stated that regarding hybrid instruction, the district is prepared for contact tracing, which moved from six feet to three feet. If students need to quarantine, they will still be provided an education. There is no hybrid instruction as students will be masked and full in-person education. As of right now, the district is planning to open full-day live instruction but is ready for all other scenarios.
- Ms. McLoughlin replied to the next question, stating that the executive order mandates that students wear masks in school, which the district must abide by unless the student has a medical exemption.
- Ms. McLoughlin stated that the district will provide services for speech and behavioral therapies. In order to be medically exempt, a student must provide a letter from their doctor.
- Ms. Bursh stated it is alarming that students are questioned about their vaccination status by teachers. Ms. McLoughlin stated that our district does not question students on their immunization status. Ms. Spence-Wallace noted that N.J. Administrative Law 6A does not allow teachers or school nurses to discuss medical issues with the students.
- A member of the community from the audience stated she believes the unions are providing training to the teachers on how to ask about the vaccination status of students. MTEA President, Mr. James Dolan, stated that he knows nothing about this and would like to receive information regarding this issue because he wants to get to the bottom of it.

- Ms. Bursh stated she is also concerned with the amount of parental involvement at board meetings and would like to see that increase. The forum on September 1<sup>st</sup> will include a decision with medical personnel such as Dr. Mandelbaum and Ms. Stephanie Carey.
- Ms. Liz Rudamell, Skillman, stated that other districts and counties are making the decision not to abide by the mask mandate, why can't Montgomery?
- Correspondence to the board is acknowledged.
