K-12 Curriculum Updates

- ★ Creating more user friendly curriculum documents
 - Clearer alignment to student learning outcome
 - Targeted selection of NJSLS per unit
- ★ Use of a larger collection of curricular resources:
 - New phonics and word study program grades 1-4.
 - Heinemann Reading and Writing Resources
 - New Literary Texts
 - Supplemental resources for vocabulary and grammar to target student learning outcomes identified in the NJSLS
- ★ Revised themes for grades 11 & 12.

A collection of colorful 3D plastic letters (yellow, pink, blue, green) are scattered on a light-colored wooden surface. A semi-transparent teal box with a black border is centered over the letters, containing the text "Foundational Reading Resources".

Foundational Reading Resources

Blast/HD Word

Blast and HD Word explicitly teach phonemic awareness, phonics concepts, and word attack skills. They also focus on reading accurately, which translates to better comprehension. The lessons are research-based, multisensory and have been found to be highly effective via independent research studies.

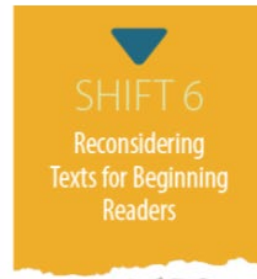

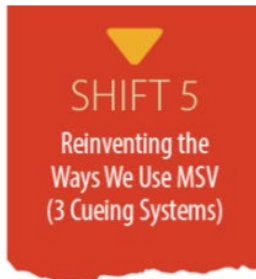

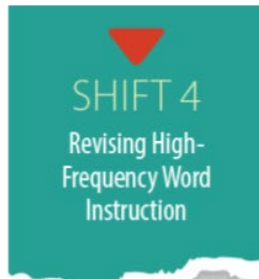

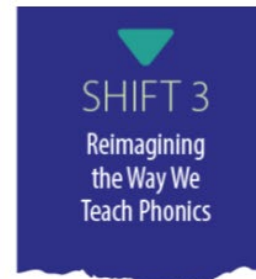

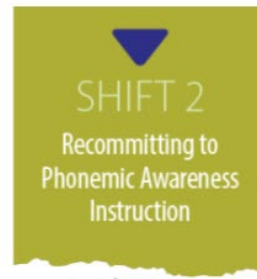

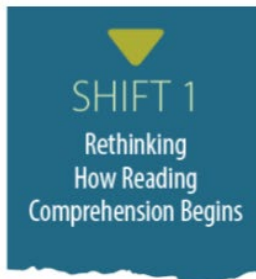

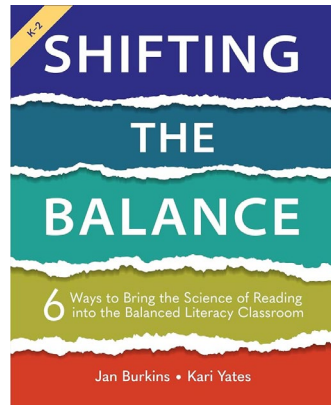

UFLI Foundations

UFLI Foundations was developed by researchers from the University of Florida Literacy Institute. It is an explicit and systematic program that teaches students the foundational skills necessary for proficient reading and was designed to be utilized as a core program or as an intervention.

Shifting the Balance Book Study
