

Montgomery Township School District

Creating confident, compassionate, and successful learners

Dear Parents/Guardians and Staff,

Today begins our district's Spring Break. We will return to distance learning on Monday, April 20, 2020.

On April 7, 2020, Governor Murphy issued some new executive orders directly impacting school districts. In summary, here are the orders as they pertain to students:

- The statutory requirement for a statewide assessment of eighth grade students is waived.
- The statutory requirement for a statewide graduation assessment of twelfth-grade students, including the portfolio assessment, is waived.

Another executive order, that was issued to promote further social distancing and help prevent the spread of the coronavirus, was the closing of all State and County parks and recreational areas, effective April 8, 2020. As our school campuses are included, the tennis courts and fields are not available for public use until further notice.

On April 9, 2020, you received notification that there are two additional consent forms in Genesis. Please read through these consents as they provide information regarding the use of video in instructional lessons. As always, our students' safety is our first and greatest priority.

That is why we are carefully and thoughtfully implementing the usage of video.

Below are some useful resources to explore during Spring Break.

We wish you all a restful, relaxing and refreshing spring break. For those observing holidays, we wish you joyful celebrations.

Sincerely,

Joanne Tonkin

President of the Montgomery Township School District Board of Education

Mary McLoughlin

Acting Superintendent of Schools
