## **FACULTY ACADEMIC REGALIA**

The distinctive academic dress has its origin in the universities of the middle ages where robes were worn for protection against the cold of the buildings. The colorful hood worn over the robe represents a student's highest attained degree, field of study and alma mater. Bachelors wear three-foot hoods, Masters wear three and one-half foot hoods and Doctors wear four-foot hoods. The hoods are bordered by velvet or velveteen colors which designate the wearer's field of specialization. Some representative fields of study from among the faculty are white for the Arts and Letters, beige for Business, light blue for Education, lemon for Library Science, pink for Music, sage green for Physical Education and golden yellow for Science. Finally, the interior of the hood is lined with the colors of the institution granting the degree.
