Summer Wishes

Dear Families,

The Village School is grateful to our parent community for your involvement and support this year. It has made our efforts to support student learning especially meaningful.

We are especially thankful for PTA presidents, Mr. Swerdlow and Mrs. Chenette, their executive board and team of volunteers for enriching our lives with social and cultural activities that support our academic programs. We appreciate the tremendous amount of effort and enthusiasm that you put into all you do for VES.

We are also grateful for the VES staff and student body for their hard work, and enthusiasm! We will celebrate our year and wish our 4th graders well during the clap off and full school gathering on the last day of school.

In August, remember to look for placement and school and staff information for the 2014-2015 school year. Additional updates as well as report card access information and supply lists for next year are included in this issue.

Have a safe and enjoyable summer!

Ms. Lacy and Mr. Hadinger

2014-2015 Placement Process

As the end of the year approaches , plans for classroom placements are being made. Mr. Hadinger and I will work closely with teachers, supervisors, and guidance counselors to place current 3rd graders into 4th grade. OHES principal, Mrs. Scotti will place current 2nd graders into 3rd grade with our assistance. We will place all 4th graders into 5th grade classes with assistance from Lower Middle School principal, Mr. Mike Richards. All students will be placed in heterogeneous classes with the best possible teacher match, a positive group of classmates, and a few familiar students from previous classes. Any specific academic needs will be taken into consideration first. Students are identified for special instructional models during the summer using multiple classroom assessment measures administered during the course of the school year.

Parents of current 3rd and 4th graders are welcome to share any vital information with me that the school does not already have. This information must be in writing and may not include requests for specific teachers. Please note that pertinent information shared with me in previous years must be resubmitted. Letters or emails must be received by June 13, 2014.

Please trust us to make the best placement possible for all children. Its is important to us that students have successful academic and developmentally appropriate experiences in school with talented and caring teachers. Final placement information will available in August.

Ms. Lacy

Visit the district homepage at www.mtsd.k12.nj.us to register your child for the S.O.A.R. Summer Program which includes academic and recreational classes.

Online Tools to Prevent Summer Regression

This summer our schools are providing free access for every student to two electronic resources that can help them to counteract summer regression: *Raz-Kids* and *Compass Learning Odyssey*.

Raz-Kids is a reading program that will differentiate reading instruction for your child by providing access to hundreds of animated leveled books. Students can listen to books for modeled fluency, read books with pronunciation and vocabulary support and record their own reading. They are able to complete interactive quizzes at the end of the book to check for understanding. Your child should have received his or her login and password already. If not, please check with your child's teacher.

Odyssey is another web-based resource available to help students review content and practice skills in Math, Science, Social Studies and Language Arts. Student logins have already been provided, and Village School students have been using it both at school and at home. Data from our MAP assessments will be used to create newly differentiated learning paths in *Odyssey* for all VES learners.

Raz-Kids and *Odyssey* can be accessed from our school website at <http://www.mtsd.k12.nj.us/student> along with several other recommended web-based educational programs.
